DCM - 120KE - P - HC

Model Number
91000186

105KG Ice & Water Dispenser With Push Button

PRODUCT FEATURES

The Hoshizaki DCM-120KE-P-HC ice and water dispenser delivers up to 125 kg of premium cubelet ice per 24 hours, offering a fast, hygienic, and efficient solution for self-service environments. Designed for convenience, this all-in-one unit seamlessly integrates ice production, protected storage, and dispensing into a single system, allowing users to access ice, water, or a combination of both at the touch of a button. Ideal for businesses that prioritise speed, food safety, and ease of use, the DCM dispenser range ensures reliable performance while enhancing the customer experience.

Sustainable Performance: Utilises eco-friendly R290 refrigerant for improved efficiency, reduced environmental impact.

Waste Control: Intuitive portion control helps manage ice usage, reducing waste and lowering overall energy consumption.

Food Safety Focused: Advanced hygienic design prevents air and water from contacting stored ice, ensuring maximum protection against contamination.

Compact & Versatile Design: Space-saving footprint makes it ideal for smaller areas while still delivering strong production and storage capabilities.

Plug & Play Installation: Simple setup allows for quick installation and immediate operation with minimal effort.

Flexible Dispensing Options: Choose between ice only, ice and water, or water only to suit different user needs.

PRODUCT SPECIFICATION

Production Capacity / 24hrs	Approx. 125kg @ 10°C Air temp; 10°C Water Approx. 105kg @ 21°C Air temp; 15°C Water Approx. 85kg @ 32°C Air temp; 21°C Water
Max Storage Capacity	Approx. 4kg
Dimensions	350mm (W) x 585mm (D) x 815mm (H)
Cooling	Air
Weight Net/Gross (kg)	56/65
Refrigerant	R290
AC Supply Voltage	1 PHASE 220-240V 50Hz/ 10 AMP Plug
Operating Conditions:	
Ambient Temp	5-40°C
Water Supply Temp	5-35°C
Water Supply Pressure	0.05-0.78MPa (0.5-8bar)
Voltage Range	±6%
GEM Number	AIM0026

INSTALLATION REQUIREMENTS

- Ensure the condenser is cleaned periodically as per the manufacturer's manual.
- Do not plug the unit into multi-plug power boards with other appliances
- Room ventilation or air conditioning can improve the situation by reducing the humidity.
- Hoshizaki recommends the use of a compatible water filter to prevent non-warrantable scale & sediment complications.

*Refer to manual for full installation & maintenance requirements.
