### Cube 180kg Ice Maker - Modular

Model Number  
91000173

Hoshizaki IM-240DPE Cube model is a modular and stackable ice maker producing up to 195kg (10°C Air temp; 10°C Water) of cube ice per 24 hours. This model is compatible with Hoshizaki storage bins.

Cube Size: **1- STANDARD**  
Weight: 23 kg

- Produces compact, dry, tasteless and slow melting cube ice, allowing just the right amount of dilution.
- Automated cleaning (wash auto-restart).
- Water circuit cleaning notification.
- Condenser cleaning notification.
- Magnetic dc pump motor with variable speed.
- High grade stainless steel.
- Stand-by/wash buttons.
- Removable door gasket.
- Easy-clean air filter.

## PRODUCT SPECIFICATION

| Ice Type                          | Cube                                                                                                                                                                       |

## INSTALLATION REQUIREMENTS

- Ensure the condenser is cleaned periodically as per the manufacturer's manual.
- Do not plug the unit into multi-plug power boards with other appliances
- Room ventilation or air conditioning can improve the situation by reducing the humidity.
- Hoshizaki recommends the use of a compatible water filter to prevent non-warrantable scale & sediment complications.

\*Refer to manual for full installation & maintenance requirements.
